

Wingus

Reliable and comfortable design

The Wingus is a sit-and-drive power wheelchair with a rear wheel drive that is equally suited for indoor and outdoor use. This compact, manoeuvrable entry-level model features an innovative, inherently resilient frame construction for high driving comfort. The Wingus combines reliable functionality with an appealing, minimalist design: Reliability made in Germany.

Highlights

- High driving comfort thanks to innovative, inherently resilient frame construction
- Swing-away arm supports for straightforward side transfer
- Compact size allows the use in confined spaces
- Straightforward seat depth and lower leg length adjustment
- Seat belt for secure support
- Height adjustable legrest with foldable, angle-adjustable footplate
- Anti-tipper, installed
- Service-friendly with puncture-proof tyres
- Low product weight of 57 kg

• High driving comfort thanks to innovative, inherently resilient frame construction

• Long-term tested batteries and motors

Wingus

Art.-no. 490E163=00000
